1. HOW THE DISCIPLINARY PROCEDURE WORKS

The disciplinary process covers breaches of the College rules. The process whereby students are disciplined and ultimately withdrawn from the College has four stages. Students can either enter at Stage One and progress to Stage Three or for more serious breaches of the College rules students can enter at Stage Two, Three or Four. In most cases students will be referred through security staff or duty managers who may provide a witness statement where necessary. Stage 1 disciplinary may be given by a Personal Tutor, or Duty Manager. Note: for stage 3 and /or 4, it is the Duty Manager's responsibility to refer this matter, with detailed notes or an incident report and witness statements, to the appropriate manager, (SCM for stage 2, GCD for stage 3 and Assistant Principal¹ for stage 4,) for processing. If at any stage the student or appropriate adult fail to attend, the meeting may be held *in absentia* and the outcome communicated in writing.

2. INFORMAL RESOLUTION

Most incidents are resolved at this stage. Staff and student will discuss the incident and agree the appropriate action. Action could include a verbal warning.

If however, an informal agreement cannot be reached or if the incident is repeated or there is a further incident then it may be necessary to proceed to Stage 1.

3. STAGE 1 - Cause For Concern

The student is given a formal warning from the Teacher, Tutor, Duty Manager or, Senior Curriculum Manager.

This could be for a repeat incident or for one of the incidents listed.

A Disciplinary record should be made on eTrackr student present, outlining the allegation, any evidence and a SMART action set and subsequently reviewed. This is then sent, via eTrackr alert, to all teachers and appropriate managers.

If a student is placed on Managed absence (formerly managed absence), for 24 hours this must be recorded on eNotify.

4. STAGE 2

This is where a student repeats poor behaviour or where an incident occurs that warrants a Stage 2 warning. Depending on severity it would be usual for a student with three Stage 1 (Causes for Concern) records to be automatically referred for a Stage 2 Disciplinary meeting with the Senior Curriculum Manager. For attendance concerns, these the CFCs should not represent a single day or short period of consecutive days (the result of the same sickness etc.)

The student will be seen by a Personal Tutor, Duty Manager, Senior Curriculum manager and/or appropriate staff. A disciplinary record should be completed with the student, outlining the allegation, any evidence and action taken. SMART action(s) set and subsequently reviewed. This is then sent, via eTrackr alert, to all teachers and appropriate managers. Parents would not normally be invited to Stage 2 meetings, but they will be informed of the outcome and any actions.

Stage 2 notes must be uploaded in to eTrackr under the disciplinary hearing notes category, this will include a copy of the letter sent to parents informing them of the status and actions.

If the matter is serious enough to warrant a managed absence, then a Duty Manager/Senior Curriculum Manager will assess the seriousness of the incident and determine the level of disciplinary action. At Stages 2 & 3 an investigation report must be completed by the Duty Manager/Senior Curriculum Manager. If a student is placed on a managed absence for 24 hours this must be recorded on eNotify.

At the first three stages of the disciplinary process (Stages 1-3) students may be referred to a Restorative Justice Programme as a result of a disciplinary decision. Students may only be referred to the RJ Programme on one occasion.

If a student under disciplinary measures has a learning difficulty or disability, The Group Curriculum Director for SEND (and campus based SCM,) must be notified immediately. We have responsibility to offer all written information or correspondence in other formats such as electronically or Braille.

Managed absence

A managed absence will be put in place when a student is at risk or is a threat to other student/staff or to the process of the investigation. The duration of the managed absence would normally be for one day, depending on the incident. If a student is placed on managed absence for a Stage 2 disciplinary- or higher, then the student's parents/guardians must be contacted immediately. If a student is placed on managed absence for 24 hours and this must be recorded on eNotify.

The student will be contacted by telephone and they will be required to meet with the Senior Curriculum Manager/ Group Curriculum Director prior to a return to college. For more serious incidents the Deputy Principal or Principal are able to put in place a managed absence for up to 5 days. This can be extended by the Principal in the case of an ongoing investigation by the Police or other agencies, If the learner is under 19, the parents/guardians will also be contacted to attend this meeting. An investigation report will be available for this meeting.

Exception for **vulnerable learners**: No 14-16, SEND learner (any age) or a learner with an EHCP, may be sent home without confirmation of contact with a designated parent/ guardian. In the case of a 14-16 student, permission must be gained from the Group Curriculum Director for 14-16 or Principal before managed absence is imposed so that relevant authorities are informed (see KS4 Policy).

Any students suspected of being under the influence of **drugs or alcohol**, and as a result deemed unfit to travel alone, must be collected by a parent, guardian or other responsible adult and will be kept in (internal managed absence) until this time.

If the managed absence relates to a Stage 3 or 4 then the student and parents will be contacted immediately with notification of a formal hearing which outlines the procedure and any documents relating to the hearing will be sent. The hearing will be arranged normally within 5 working days, although this period may be extended due to an ongoing investigation by the Police or other agencies. The student will be accompanied by a representative or by a parent/guardian if under 19 (Representation by a lawyer will not be allowed at any stage of the process). Should exclusion be the result of the hearing, the student will have the right to appeal to the Principal.

5. OUTSIDE THE COLLEGE

Students are expected to behave responsibly outside the College. It is important that the College has good relationships with its neighbours: people who live and work locally. Students need to be conscious of their behaviour outside the College – behaving responsibly at all times. Justified complaints from members of the public or serious misbehaviour could also result in disciplinary action being taken by the College. All disciplinary procedures apply if the student is on work placement/experience. Managed absence or exclusion may result from any action that brings the college into disrepute.

6. CASES INVOLVING THE POLICE

In cases where a student is involved with police action the College procedures will apply.

It is the policy of the College to co-operate fully with police officers in the prevention and detection of crime and where appropriate the apprehension of individuals. The College recognises that it may be

necessary at times for the police to question/arrest students on site. Where this becomes necessary, all staff are required (as far as possible) to maintain a calm, safe and serious learning environment.

7. FORMAL DISCIPLINARY HEARING PROCEDURE (Stage 3)

Disciplinary hearings will be convened and chaired by the appropriate Group Curriculum Director or other nominated manager. A note taker will be appointed to record the events where possible.

The student may be accompanied by a parent/guardian or, in the case of an adult, a representative. If the learner is under the age of 19, a parent/guardian must attend.

The hearing will follow the procedure detailed below.

The Group Curriculum Director will confirm the purpose of the meeting.

The Investigating Officer will be asked to present his/her report, referring to witness statements as required. The student will be given time to present his/her case to the hearing.

The GCD may ask for clarification from both parties.

Conditions on continuation will be set on eTrackr and formalised in writing under the Disciplinary Hearing Notes category. SMART action(s) set and subsequently reviewed.

8. FORMAL DISCIPLINARY HEARING PROCEDURE (Stage 4)

Disciplinary hearings will be convened and chaired by the Deputy Principal or other nominated manager. A note taker will be appointed to record the events.

The student may be accompanied by a parent / guardian, or in the case of an adult, an appropriate adult. If the learner is under the age of 19, a parent / guardian must attend. The hearing will follow the procedure detailed below.

1. The Chair (or person with delegated responsibility) will confirm the purpose of the meeting and will indicate that this hearing could lead to exclusion.
2. The Investigating Officer will be asked to present his/her report, referring to witness statements as required.
3. The student will be given time to present his/her case to the hearing.
4. The Chair may ask for clarification from both parties.
5. The Chair will ask the Duty Manager/Senior Curriculum Manager/Group Curriculum Director and student to withdraw in order to consider the evidence and make a decision with regard to the alleged misconduct. In complex cases, a decision may be deferred over a period of no more than 5 working days.

The student will receive written confirmation of the decision normally within five College working days.

During the course of a hearing, the Deputy Principal (or person with delegated responsibility) may exercise the right to suspend the hearing for no more than 48 hours, if she/he considers this is warranted by the circumstances e.g. new evidence.

In deciding upon disciplinary action following a hearing, the Deputy Principal will take into consideration any mitigating circumstances put forward by the student or his/her representative and the student's disciplinary record.

10: THE RIGHT OF APPEAL

A student has the right to appeal against the appropriate Deputy Principal's (or person with delegated responsibility's) decision to permanently exclude them from College. Appeals are heard by the Principal.

An appeal may **only** be made on one or more of the following grounds:

- severity of the disciplinary action
- new evidence that was not available at the time of the hearing/exit interview
- not keeping to the procedures

- An appeal must be sent, in writing, to the Principal, no later than five College working days following receipt of written confirmation of the disciplinary hearing's decision.
- In submitting an appeal, the student should provide notice of any witnesses they intend to call and the nature of any new evidence.

11: THE APPEAL HEARING

An Appeal Hearing will normally be convened normally within 10 College working days of receipt of time letter of appeal.

The Principal may hear the appeal alone or form a panel and send relevant documentation to any other members attending the appeal – the Chair of the Disciplinary Panel and student, including:

- Student warnings/contracts
- Outcome of Disciplinary Hearing/Exit Interview
- Basis of appeal and names of witnesses
- The student making the appeal has the right to be accompanied by a parent/guardian. For students aged 19 years and over, a friend or Student Union representative may attend. If a student should need extra support, e.g. signer this will be made available.

In the case of non-attendance the appeal will not be heard and the original disciplinary decision will be upheld.

The Appeal Panel will not normally re-hear the case in its entirety but will concentrate on the grounds for the Appeal.

12: FORMAT OF THE APPEAL

The Appeal Hearing will follow the steps set out below:

1. The Chair of the Appeal Panel will read out the grounds of the Appeal and ask the student to confirm these are correct.
2. The student will then be asked to present their case, using witness statements as necessary.
3. The Chair of the Disciplinary Panel will then be asked to present their response.
4. During this process, questions may be asked by Principal, the Chair of the Disciplinary Panel or the student. All questions are to be directed through the Chair of the Appeal Panel.
5. The Chair of the Disciplinary Panel, followed by the student, will be invited to make any concluding remarks.
6. The Appeal Panel may uphold the appeal and dismiss the penalty imposed by the Disciplinary Panel, reduce the severity of the penalty or reject the appeal. It is not empowered to increase the severity of the penalty.
7. Where possible the Chair of the Appeal Panel will inform the student of the Panel's decision at the conclusion of the meeting. In complex cases, a decision may be deferred over a period of no more than 5 working days. The final decision will be confirmed in writing. The decision of the Appeal Panel is final.

13: SUMMARY EXCLUSION

In exceptional circumstances, the Principal or Deputy Principal has the authority to summarily exclude a student, where she/he is satisfied, on the evidence immediately available, that a student has committed an act of gross misconduct that is sufficiently serious to warrant such action.

The Principal / Deputy Principal will act on information given to him/her by the Investigating Officer who has attended/reported on an incident.

In the case of summary exclusion, the Principal/Deputy Principal will ask the attending/reporting member of staff to prepare a report. However, the student will have no right of appeal.

14: Re-admission to College

Where a student has been excluded, the College would not normally accept an application from that student for admission at any New City College Campus at future enrolment. Consideration of exceptional cases should be submitted in writing to the Principal.

15: Appeal

Appeals against permanent exclusion are heard by the Principal whose decision is final.

Appendix 1: New City College Student Disciplinary Indication of Grading of Offences & Process Table

A student may enter the process at any stage, depending on the seriousness of the incident. The grading of offences is provided as guidance only and is not exhaustive. Level of entry may vary depending on the severity of the offence and the circumstances surrounding the incident. This is a progressive process, which means that each time an offence is committed, the student may move on to the next stage. The police may be called when the law is broken
